MEMORANDUM FOR: AD/CI

SUBJECT : Inclusion of Publications List in
Current Intelligence Weekly

1. Several weeks ago I expressed my views as to the desirability of advertising DDI finished intelligence in a regular manner by including a Section IV in the Weekly. This will also be a distinct service to many of our readers at home and abroad in calling their attention to materials of real interest to them which they might otherwise never learn about.

2. It is my desire that this supplement be added to the Weekly without further delay. At the minimum I would expect it to list -

NIE's
ORR Reports, Provisional Reports, and Geographic Reports
OSI's major reports
OBI's Chapters I of the NIS
OCI's major research aids

In all likelihood the total for any one week could be easily set forth on a single page. It is equally agreeable with me for you to require each DDI Office to submit its candidates for such listing, or for you to centralize this service by requiring ORR to compile a consolidated list.
